Residential Care Home

≡ About Us

Overwhelm by Long-term Care choices, turn to Senior Living Lifestyle for help

As we age, some tasks may become more difficult. Senior Living Lifestyle located in Palos Verdes is offering the best Residential Care Home for the elderly who can not care for themselves and need some daily assistance.

Senior Living Lifestyle was formed for those who want to be in a home-like setting, much like what they have been accustomed too. Some elderly thrive better in a small home environment rather than a large hotel like facility.

Our staff gives personalized care and assistance you or loved one needs to help give more control in daily life. We offer many different levels of discreet care tailored to each individual.

What is the Senior Living Lifestyle difference? It's more than a vision, more than a principle—for our elderly it's a lifestyle.
